Mr. Anderson,

The package is on the plane and in motion. I trust I don't need to remind you of the importance of this operation. Everything is going smoothly so far, but I expect everyone to stay sharp and ready.

No screw-ups, no loose ends. We've come too far to let anything slip now. The package will arrive as planned, and we need to be ready for the next steps immediately.

Keep your mouths shut and your eyes open.
